

Dear Customer,

due to amount of inquiries about our products concerning (REACH) registration, inquiries to use our products, inquiries to contained SVHC materials based on attachment XIV (REACH), We decided to answer with this standard document.

SWAP (Sachsen) GmbH takes a role as a downstream user with the resulting liability based on REACH. As a downstream user and recycling paper processor SWAP do not check the chemical ingredients. Nevertheless, we test the physical and quality requirements. For this reason, we can't confirm or exclude that recycling paper maybe contains traces of substances.

Our suppliers confirm there are no substance with more than 0,1% of weight inside the raw material, also not in packing materials or chemicals and other components. This applies equally for substances called "phthalate" (DBP, DEHP, DIBP und BBP).

SWAP do not use chemicals or substances based on ECHA (European Chemicals Agency) SVHC-list.

Do you have questions please do not hesitate to ask us.

Mr. Andreas Graichen  
management representative

(Tel.: +49(0)37206/868-15; Fax: +49(0)37206/868-90; Mail: [a.graichen@swap-sachsen.de](mailto:a.graichen@swap-sachsen.de))

Your inquiries will be processed and answered by us immediately

Sincerely

**SWAP (Sachsen) GmbH**
